EMILE HOLEMANS

Madrid, Spain | emileholemans@student.ie.edu | linkedin.com/in/emileholemans
Belgium Citizenship | EU Work Permission

PROFESSIONAL SUMMARY

Creative technologist and product developer with 1+ year of experience co-founding a web studio and creating digital products for startups and small businesses. Delivered 20+ paid client websites and took a music marketplace from user research to a working MVP with interactive 3D artist spaces. Skilled in React, Next.js, Flutter, three.js and AI-assisted development, grounded in business economics studies. Works collaboratively to translate product requirements into user-facing features.

EDUCATION

IE SCHOOL OF HUMAN SCIENCES AND TECHNOLOGY — **Madrid, Spain**
Master in Computer Science and Digital Innovation — **Expected: Jul. 2027**

KDG UNIVERSITY OF APPLIED SCIENCES — **Antwerp, Belgium**
Professional Bachelor, Multimedia and Creative Technologies, Cum Laude — **Graduated: Jun. 2026**

MAASTRICHT UNIVERSITY — **Maastricht, Netherlands**
Bachelor studies in Business Economics and Data Analytics (2 years, transferred to KdG) — **Jun. 2023**

PROFESSIONAL EXPERIENCE

MULE DIGITAL (DIGITAL SERVICES, STARTUP) — **Remote, Belgium**
Web and digital product studio serving small businesses in Belgium, the Netherlands and the US.
Co-founder, Product and Technical Lead — **Apr. 2026 - Present**

- Partnered with co-founder to deliver 20+ paid client websites in 3 countries, from design to deployment.
- Standardized delivery with a reusable AI-assisted workflow (Claude Code, Cursor) and shared coding rules.
- Launched a client portal plus SEO and AI-visibility tooling, extending services beyond one-off websites.
- Designed studio branding and ran outbound prospecting through a custom CRM and LinkedIn content pipeline.

1ST DIVISION (EVENT STAFFING) — **Antwerp, Belgium**
Event staffing agency for corporate, sports, charity and festival events.
Event Staff and Team Leader (Part-time) — **2024 - Present**

- Facilitated 50+ events for clients including Schneider Electric, BMW, 10 Miles Antwerp and Crammerock festival.
- Led and coordinated on-site teams of up to 5 staff across logistics, setup, hospitality and crowd management.

DEEPTUNE (MUSIC TECH, BACHELOR PROJECT) — **Antwerp, Belgium**
Curated direct-to-fan music marketplace developed as bachelor thesis and working MVP.
Founder and Product Lead — **Feb. 2026 - Jun. 2026**

- Validated product concept through surveys with 14 artists and 18 listeners, shaping pricing and exclusivity rules.
- Devised a creator-first business model paying artists 100% of listed price, versus 82 to 90% on Bandcamp.
- Engineered a working MVP in Next.js and Stripe, including procedural 3D artist spaces in React Three Fiber and Blender.
- Produced market sizing (TAM, SAM, SOM), a GMV financial model and investor pitch deck; graduated Cum Laude.

BOOGI (MUSIC TECH, STARTUP) — **Antwerp, Belgium**
Startup marketplace app connecting musicians with event organisers for bookings.
Frontend Developer Intern — **Feb. 2026 - Jun. 2026**

- Prototyped 25 app screens, then implemented production Flutter frontend using an AI-assisted workflow.
- Collaborated with co-founder and backend developer via GitHub, keeping frontend and backend in sync.
- Authored a SABAM partnership pitch deck and investor materials, benchmarking 2 competitors (SystemOne, BandApp).

LANGUAGES

Dutch (native); **English** (fluent); **French** (intermediate)
